Date: 04.11.2026

(SETU Case ID - AD/OI/052/2026)

To,
All interested parties

Subject: PUC/PCN methodology in the anti-dumping investigation concerning imports of "Caprolactam" originating in or exported from China PR, Russia, Thailand and United States of America - reg.

1. Attention of all interested parties is invited to the above-mentioned investigation initiated vide Notification No. 6/52/2026-DGTR dated 29th September, 2026. The non-confidential version of the application filed by the domestic industry, Gujarat State Fertilizers and Chemicals Limited, was intimated to all interested parties vide Letter/Email dated 30.09.2026. Whereby, the interested parties were granted an opportunity to present their comments on the scope of the product under consideration (PUC), and product control number (PCN) methodology, within a period of 15 days from the date of intimation, which ended on 25th October, 2026 after extension, wherein the product under consideration (hereinafter referred to as "PUC") was defined as under:

   i. *The product under consideration in the present application is "Caprolactam", also known as 6-Hexanelactam, having CAS Registry Number 105-60-2.*

   ii. *Caprolactam is a monomer and a base material for the production of Nylon-6 chips, which are further processed into yarn and then fabric. Caprolactam is produced and sold in both liquid and solid forms. The liquid form can be used only by consumers located very close to the source of the material, and consumers in India mainly use the solid form, which is in white crystal or flake form. Except for the difference in physical form, there is no material difference between the solid and liquid forms.*

   iii. *The product under consideration is majorly used in the manufacture of Nylon-6, which is further used in making Nylon Tyre Cord Fabric and Nylon Filament Yarn. The product also has a small usage in engineering resins and films.*

   iv. *The prescribed unit of measurement for the product under consideration is Metric Tonnes (MT).*

v. *The product under consideration is classified under Chapter 29 of the First Schedule to the Customs Tariff Act, 1975, under tariff item 2933 71 00, which is a dedicated tariff item for the product. The customs classification is indicative only and not binding on the scope of the product under consideration.*

2. After examination of comments received on PUC/PCN, the Authority adopts the same scope of PUC as notified in the initiation Notification No. 6/52/2026-DGTR dated 29th September, 2026 without any changes. No PCNs are adopted in this case.

3. Accordingly, all interested parties are directed to file their questionnaire response based on the above product under consideration by **25.11.2026,** as extended on the requests received from interested parties.

4. This communication is limited to clarifying the scope of the product under consideration for which the present investigation is being conducted. This does not preclude interested parties from providing relevant information and evidence to substantiate their requests for exclusion for any particular product. The Authority shall decide the scope of the product under consideration for any measures recommended, after considering relevant information and evidence furnished by all interested parties during the course of investigation.

5. This issues with the approval of the Designated Authority.
